

# Watering Schedule

May 26-27 – Ben Weise

June 2-3 –Kieran Mcviegh

June 9-10 – Mark Dery

June 16-17 – Max Mayner

June 23-24 – Michael Houlihan

June 30-July 1 – Ben Weise

July 7-8 Louis Leonard

July 14-15 Ben Weise

July 21-22 Michael Houlihan

## **\*Attention\***

I am currently working on a map of the site so that you guys know where to water. For now most of the small stuff is staked. It should only take about 30 - 45 minutes to water. On the Monday after you water talk to Ben so he can do a follow up. If you can not water the week assigned, talk to Ben and he will try to work it out that maybe you water for another boy and he waters for you. The Jurupa Mountains Cultural Center closes at about 4:30 or sooner depending on how hot it is. If you have to water after 4:30 call Ed at 905-9817. He should be able to let you in. While watering the trees, fill the bierme up to the brim. On the smaller plants, a good 5 minute watering will suit them. When done leave the hose in the pond off. If you are done at about 3:00 or before you can leave the water on. Let Mary Burns know that the water is running though.
